

Tax-deductible donations are accepted any time of the year, and any donation is greatly appreciated. The need for assistance is great. We are very thankful for the many business and individual supporters in the community who will make donations of their time and money to this cause each year. Without the generosity of local community partners, this fund would not be possible.

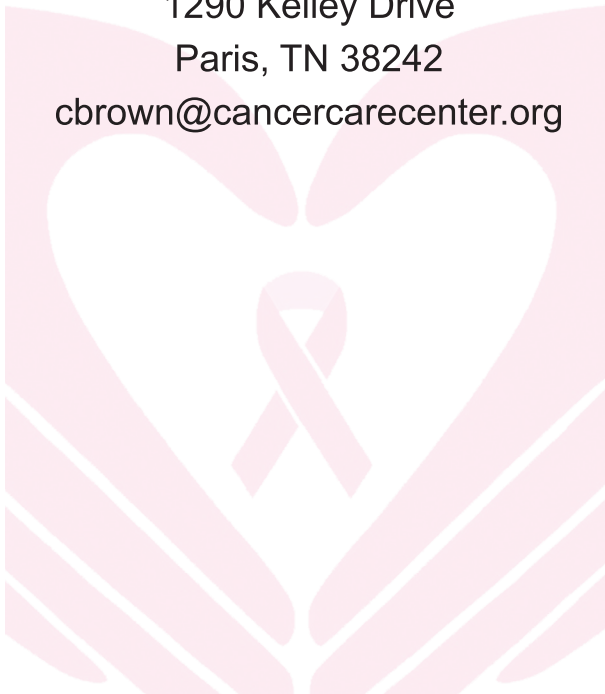

Ways you can help:

- Christmas Tree ribbons (In Honor/ In Memory of your loved one)
- Memorials/Honorariums year-round
- Items for sale at the Cancer Care Center of Henry County
- Cook-outs/Bake sales from area partners
- Other projects promoting the health of cancer patients

If you would like more information about the Caring Hearts Fund or would like to help with a fundraiser, please contact us!

assisting those touched by cancer

**“Serving Patients in Henry,
Stewart, Weakley, Benton
& Carroll Counties.”**

PARIS AND HENRY COUNTY
HEALTHCARE FOUNDATION INC.

A diagnosis of cancer will change your life forever. At Caring Hearts Fund, we recognize that financial stress is a big obstacle at a time when your energy should be focused on healing and coping. Through the Paris & Henry County Healthcare Foundation, the Caring Hearts Fund seeks to ease this burden by assisting the uninsured and under-insured patient with medical bills, prescriptions and transportation expenses to and from treatment*.

In addition to financial assistance, the Caring Hearts Fund offers cancer survivors and caregivers a cancer support group which meets on the 2nd Thursday of each month at 11:30 a.m. at the Cancer Care Center of Henry County (1290 Kelley Drive).

Founded in November 2010, the Caring Hearts Fund was established to assist the many people in our local communities who have been touched by cancer. Caring Hearts strives to provide comprehensive patient/family support services and community outreach to patients receiving treatment through Cancer Care Center of Henry County and/or Henry County Medical Center.

Financial Assistance available:

- Medical bills
- Prescriptions
- Nutritional supplements
- Insurance co-pays and deductibles
- Transportation assistance*

.....

Criteria to apply for Financial Assistance:

- Must have a diagnosis of cancer
- Must live in Henry, Stewart, Weakley, Benton or Carroll Counties
- Complete a Financial Statement Form (including last year's income tax return)
- Must be receiving treatment at CCC or HCMC

**Transportation funds available from the American Cancer Society*

Support group

Having the support of others while going through cancer treatment is an important part of the healing process. Naturally, most patients first turn to their family and friends for encouragement and emotional support; however, something quite valuable can be gained by participating in a group with people who are (or who have been) in a similar situation. Most patients find great strength & encouragement in support groups.
